

Feedback Analysis of Alumni

The feedback on the curriculum is obtained from the Alumni annually by providing links to the data collection questionnaire in the Management Information System (MIS) of the University.

The link for data collection and the questionnaire is given below.

The feedback, thus collected through the MIS is then thoroughly analysed by a Committee constituted by the IQAC and the observations of the committee are communicated to the Heads/ IQAC Coordinators of the Schools, Centres, and Divisions concerned.

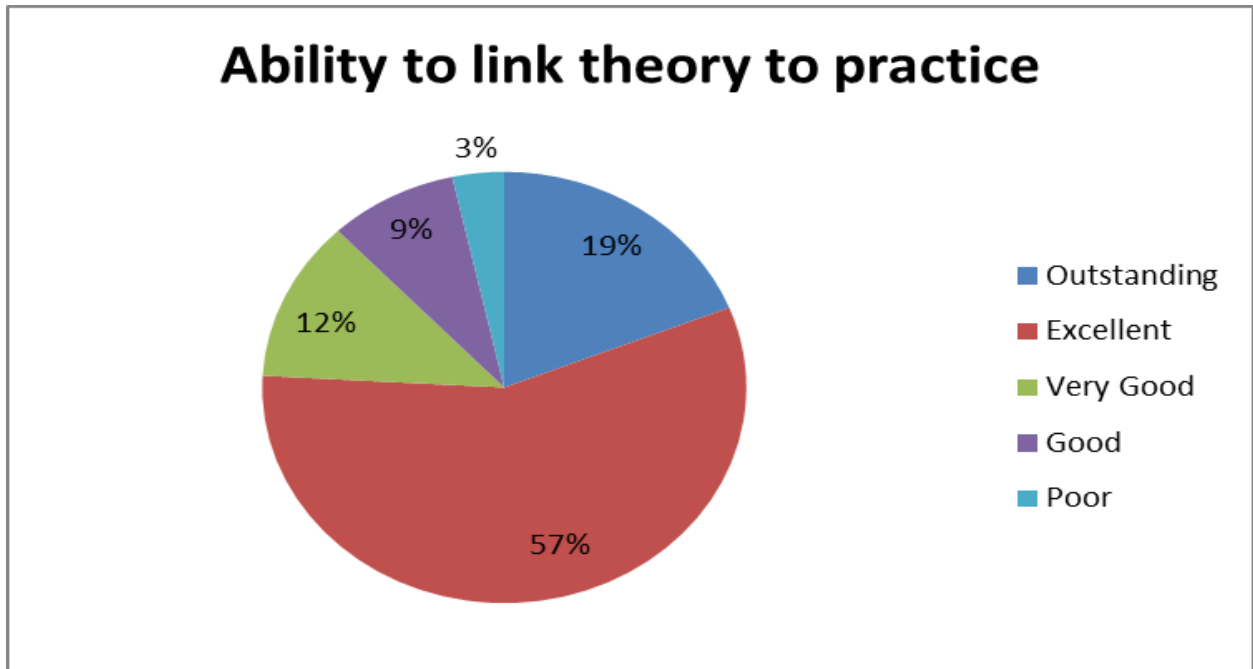

Subject to the decision of the faculty council, and approval of the board of studies the suggestions are incorporated to the respective curriculum and the revisions are reported to the academic council for final approval.
